UNION LIST OF SOCIAL SCIENCE PERIODICALS)  
CURRENTLY RECEIVED IN KARNATAKA (MYSORE)  
STATE LIBRARIES

SOCIAL SCIENCE DOCUMENTATION CENTRE  
INDIAN COUNCIL OF SOCIAL SCIENCE RESEARCH  
35 FERROZESHAN ROAD, NEW DELHI-1  
1972

Karnataka (Mysore) State.

The compilation work of the Union Catalogue in respect of libraries in different States of India has been entrusted to senior librarians or Library Associations in the respective States. The ICSSR provides financial assistance for this purpose. But the cooperation of the Librarians from each of the States is the principal factor in the compilation of the Union Catalogue publications.

The Union List of Social Science Periodicals currently received in the Karnataka (Mysore) State libraries is compiled by Shri P.K. Patil, Librarian and Head of the Department of Library Science in the Mysore University.

Indian Council of Social Science Research is very thankful to Shri P.K. Patil and other librarians in the Karnataka (Mysore) State for their cooperation in this Project. Further Volumes recording the holdings of Social Science Serials in the impor-

tant libraries in Karnataka (Mysore) State are expected to be published shortly.

The ICSSR will welcome suggestions to improve the quality and utility of this and other Union Catalogue publications.

New Delhi  
27th November, 1972

M.S. Gore,  
Chairman,  
Indian Council of  
Social Science  
Research

## INTRODUCTION

The Union List of Social Science Periodicals currently received in the libraries in Karnataka (Mysore) State is the second publication to come out in the Union Catalogue Series. The first publication in the Series relating to the libraries in Delhi was published in 1971. The Union Catalogue Series will include several more publications of Union Lists (Current Periodicals) and Union Catalogues (Holdings). The Union Lists to be released shortly will cover the libraries in Bombay and Andhra Pradesh to be followed by other States in India.

The Union List of Social Science periodicals currently received in libraries in a State or in a city is quite helpful in locating the availability of a recent number of the required periodical. Pending publication of the Union

Catalogue (holdings) of the Social Science Periodicals, the Union List may also help in enquiring about the back file of a periodical from the library which is receiving it currently. Librarians may find the Union List a useful tool in revising their subscription lists from time to time.

The present Volume records the availability of 1093 periodical titles known to be received in 18 libraries in Mysore State during 1971-1972.

Social Science Documentation Centre (ICSSR) requested Shri P.K. Patil Librarian of the ~~Karnataka~~ {Mysore} University to compile the Union List. He accepted the assignment readily and provided the basic data for this compilation. He was assisted by Shri M.K. Jagadish. The editing of the data and the preparation of the final copy for the press has been mainly by Miss Nirmal Ruprail, Documentation Officer and her colleagues in the Social Science Documentation Centre. The stencilling has been done by Miss Leena

Chowdhury.

The subject matter of social sciences is very wide and varied. However, periodicals on the following subjects have been included in this compilation:-

- |                 |                               |
|-----------------|-------------------------------|
| 1. Anthropology | 9. Law                        |
| 2. Commerce     | 10. Linguistics               |
| 3. Demography   | 11. Management Studies        |
| 4. Economics    | 12. Political Science         |
| 5. Education    | 13. Psychology                |
| 6. Geography    | 14. Sociology and Social Work |
| 7. History      | 15. Statistics                |
| 8. Journalism   | 16. Town and Country Planning |

International Affairs and Public Administration are included in Political Science.

A large number of general periodicals which have obvious significance to the study of and research in social sciences are also included. Since almost all libraries receive the Dailies, they are not included except the two which are exclusively devoted to social science subjects viz., (1) Economic Times, and (2) Financial Express.

The lists supplied by the cooperating libraries form the principal basis of this compilation. However, Shri Patil and his assistant have had to visit several of these libraries more than once and secure their cooperation in collecting as accurate an information about the current periodicals as was possible. The editorial work consisted mainly of,

- a) selecting finally the title for inclusion;
- b) ensuring the accuracy of the title and the country of its origin;
- c) ensuring that the title is currently published and
- d) providing a unique symbol for each library.

In this process, several reference tools have had to be checked. Shri Patil was also very helpful in providing clarification, removing certain doubts and in furnishing such other information which was required for editing. Special efforts have been made to secure as much accuracy and dependability as possible. Some titles which could not be verified satis-

factorily have been marked with an asterick (\*) sign. Even so, it may be advisable that users of the Union List contact the library to ascertain the actual availability of a periodical title and its issue before sending a requisition for loan or paying a visit to the library. To facilitate such an advance contact, telephone numbers of almost all the participating libraries are provided. Local users of the Union List may find this useful.

Social Science Documentation Centre wish to express their gratitude to Shri P.K. Patil, Shri Jagadish and the librarians and the staff of the cooperating libraries in Karnataka (Mysore) State for their contribution in the compilation of this Union List. It is sincerely hoped that the libraries, the social scientists and research workers in Karnataka (Mysore) State will find this Union List useful.

N.M. Ketkar

## A NOTE FOR THE USE OF THE UNION LIST

### Entry:

1. Periodicals are entered under the initial articles. In a few cases of titles in a language other than English, the initial article is retained.
2. Entry is made under the latest known title of the periodical.
3. Bi-lingual and multi-lingual titles are entered as reported by the libraries and necessary cross reference is provided.
4. Title of a periodical is given in full. A stroke separates the alternate title, if any.
5. Subtitle is not mentioned except when necessary to make the title meaningful.

### Arrangement:

6. Entries are arranged in alphabetical order (word by word) disregarding the articles, conjunctions and prepositions etc.

initial or elsewhere.. In the case of titles in languages other than English, only the initial article is disregarded. Hyphenated words are regarded as one word and entries beginning with acronyms or abbreviations are arranged first in the respective alphabets.

Place Name:

7. Only the name of the country/ countries of origin is given. In case of conflict, the place name precedes the name of the country.

Language:

8. Efforts have been made to indicate the language of the periodical which is not in English language. All languages are indicated in the case of multilingual periodicals.

## A Sample Entry:

9. Canadian Journal of Psychology/  
Revue Canadienne de Psychologie  
(Canada) E,F

MUL

## Explanation:

10. Canadian Journal of Psychology  
is the title of the periodical  
and its alternate title is  
Revue Canadienne de Psychologie.  
It is published in Canada and  
the text is in English and  
French. It is available in the  
library indicated by the symbol..  
..... MUL

## Library Symbols:

11. A three-letter symbol is constructed for each of the participating libraries. In each entry, the symbols for libraries receiving the periodical are arranged horizontally in an alphabetical order. A key to

the symbols is given on page  
xxiv.

#### Cross Reference:

12. The location of a title in the Union List is further facilitated by adequate cross references as under:

From	To
Alternate Title	Main Title
Former Title	Current title
Merged title	Entry title

#### Brief Analysis:

1. Subjects: A table showing the number of periodicals received on each of the subjects included in the Union List is provided at page xix. A periodical is counted under as many subjects as were considered relevant.
2. Country of Origin: The total number of periodicals included in the Union List are published in 34 different countries. A table showing  
xvii

the first ten countries in the order of the number of periodicals originating in each is provided at page xx.

3. Language: It has not been always possible to determine the language of the periodical or its multilingual character simply from the title of the periodical as reported by a library. Directories of periodicals which were available for reference helped but not in each case. Within these limits, a table showing the number of periodicals in each of the language included in the Union List is provided at page xxi. A periodical is counted under as many languages as were given in the text of the periodical.
